

WAVS
WEST AFRICAN VOCATIONAL SCHOOLS

2021
ANNUAL
REPORT

Phase 2

Phase 1

Thanks to your generosity, construction is underway on the new WAVS flagship campus in the capital of Guinea-Bissau. This campus will eventually allow WAVS to train five times as many students as we do today – all while sharing God's love through word and deed. To help fund the next phase of the campus, a total of **235** donors gave **\$843,395** to the **They Are Ready** campaign last year. Thank you!

@WAVSCHOOLS

THEY ARE READY.
GIVE THEM THE
OPPORTUNITY.

A year of growth – thanks to you!

Record enrollment, a new campus gifted to WAVS, and another one under construction ...

Last year, you helped WAVS vocational schools train more students than ever before. Now, young people in West Africa like "Junior" have the opportunity to work for a brighter future!

"I chose to come to the school and learn more about welding because I knew that if I want to do welding for my job, I need to improve my skills," Junior said. "What I like most about the program is the repetition of practice. We learn the theory in class, spend hours practicing, go home to study, come back, and practice it again. This method gives us the ability to really learn the material and be good at specific skills. Once I graduate, I hope to open my own welding shop."

To give more young people like Junior this same opportunity, WAVS is constructing a new campus in the capital of Guinea-Bissau that will train more than 2,000 students each year. Also last year, a missionary organization gave WAVS a school it built years ago in a city called Gabu. This school became the third WAVS campus. You helped fund much-needed renovations and helped purchase supplies to launch this new campus. Thank you for making 2021 a year to celebrate!
